

6 FUN ZONES

An Educational fun day for the whole family you will never forget.

Math Zone

Activities at this zone use the power of Math to engage our youth in fun and exciting games.

Science Zone

Activities at this zone demonstrate the progression of science in developing technologies to arise an interest for our youth in the sciences.

Technology Zone

Activities at this zone consist of recent inventions demonstrating how new technologies change our world for a better place.

Art/Music Zone

Activities at this zone consist of Art and music games designed to enhance creative thinking.

Language Arts

Activities at this zone help improve our youth's ability to write effectively.

Coming in 2016

A fun educational event for our youth designed to work their imagination in areas that lead to critical thinking and creativity. Activities are organized outside of the class environment in six zones: science, technology, math, music & art and language arts.
